Jefferson Davis Community College  
General Education Program and Student Learning Outcomes Committee

Meeting Minutes

October 11, 2006, 1:00 p.m., Hines Computer Lab

Present: Deborah Albritton, Carol Bates, Sue Laing, Cornelia Miller, Linda Miller, and Beulah Patton.

Next meeting: To be determined

Carol made the corrections that were recommended by the committee at the last meeting.

The committee members carefully examined Nursing, Office Administration, Small Engine Repair, Upholstery, and Welding Technology.

Carol informed the committee of the deadline of October 18.

Discussion

Cornelia brought artifacts from the technical faculty members. Cornelia will check to see if the videos have been purchased for the Upholstery Program.

Everyone was ecstatic that the review of the technical program SLOs was finally complete. Carol expressed to the committee how much she appreciated their dedication and hard work.

Carol is going to email the committee to determine a good time to meet each month. At our next meeting, measuring outcomes across the curriculum will be discussed.

The completed SLOs will be forward to Sherry Martin for review by the Outcomes Assessment Taskforce on October 18.

Respectfully submitted,

Carol Bates
